

Vous êtes invités à nous visiter à la galerie

You are welcome to come and visit us at the gallery

Nous sommes un collectif créatif formant l'association de la Galerie Alpine & Atelier au centre de Villars, inspiré par la nature et les montagnes qui nous entourent. Nous sommes composés de plusieurs artistes avec différents styles et techniques. Notre but pour la galerie est qu'elle puisse devenir un centre d'art pour Villars et Gryon. Nous offrons des cours d'art et de photographie pour adultes et enfants et nous cherchons à promouvoir l'art au sein de la communauté locale. Avec votre aide, en devenant membres, nous pourrions apporter encore plus de lumière et de couleur à cette région et espérons-le, inspirer l'artiste en vous.

We are a creative collective forming the Galerie Alpine & Atelier association in the centre of Villars-sur-Ollon, inspired by nature and the mountains which surround us. We are made up of several artists and photographers with differing styles and techniques. Our aim for the gallery is to become an art centre for the Villars and Gryon area. We offer art and photography classes for both adults & children and we seek to promote art within the local community. With your help in becoming members, we can bring more light and colour to the region and hopefully unleash the artist within you.

Sophie Scott

Sophie Scott is a Swiss freelance artist and has been teaching art at Aiglon College in Chesières for 15 years. She offers creative workshops in the Atelier and is available for private lessons. She originates from Wales but after having obtained a degree in art & design and a PGCE at Cardiff university her desire to travel and love of nature brought her to Switzerland. She has been living in the region of Villars-Gryon for 20 years.

Sophie is inspired by the alpine peaks, landscapes, woodland and lakes of the area, and works in a variety of different media. She has also had successful exhibitions in Gryon, Solalex, Ollon and Villars prior to finding the more permanent location to establish Galerie Alpine.

Rob Scott

Robin Scott is a Swiss graphic designer and illustrator originating from Canterbury, England, but he has lived nearly 20 years in Switzerland. He is inspired by the beauty of the Villars-Gryon region and the characters he meets. His amazing graphics and digital creations are inspired by vintage tourist posters which he has married with his own distinctive contemporary style.

Cat Saunders

Cat Saunders is a local freelance artist living in Chesières, originating from the UK. Having finished her art degree she discovered a passion for painting.

The mountains are a source of inspiration for new artworks rendered in acrylic, gouache and metallic leaf on hand stretched panoramic canvases. A love for trail running takes her around the Villars region, with a camera poised to catch any new inspiration.

Lee Johnson

Lee Johnson is a photographer originating from the north of England who now works in Villars-sur-Ollon. He approaches his photography using both very traditional and digital apparatus, using a variety of films and processing techniques.

Lee's photographic prints are inspired by the beautiful panoramic alpine scenes, typically developed in black & white, mounted on aluminium. He has many long term projects which inspire his creative side, such as working with the Villars Ski Club, Villars Vanguard and exploring Formula One destinations further-a-field.
